YOUR IMPACT

THROUGHOUT THE YEARS

My name is **Lauren** and I'm a first year graduate student studying social work at CWRU. **I'm from New Jersey** and have a Bachelors degree in sociology also from CWRU.

I have been attending Chabad **since my first semester of undergrad in 2016.**

When I joined Chabad my first year, **I was skeptical.** I'd heard from my very liberal family members that all Chabad wanted to do was make you more religious. However, from my first Shabbat, **I felt like I was being welcomed into a family.** I took Sinai Scholars and the Israel class, attended Living Links in Poland and Snorkel & Study in Florida, and joined countless events led by the Chabad family. While I still disagree with some of the beliefs held by Chabad, that doesn't stop me from enjoying being around them and learning about the way they practice Judaism. **Thanks to you, I had a place to call my Jewish home,** a second set of parents and little siblings at school, and many amazing experiences at Chabad.

COVID STATEMENT

The world may have changed, yet our statement remains the same: Every Jew is family.

Observing county and state regulations, Chabad at CWRU will both protect our beloved students and engage our beloved community with the joy of Judaism and the warmth of our family.

Full guidelines, including staggering, reservations, outdoor events and more, are available online at www.CWRJew.com/covid.

Thank you for believing in the Jewish future! Together, we will weather this storm and come out even stronger.
